

ADMINISTRATION

It can be advisable to appoint an administrator when someone loses control over his/her actions. The administrator exercises a legal mandate, with the instructions to take care of the management of the goods of a protected person. It is of course of the utmost importance that this administrator executes his/ her duties with the necessary seriousness, reliability, humanity and independence. It is often advisable to appoint an independent administrator. Joost Peeters is an administrator and would be happy to handle this.
