The office is open continuously and can be reached by phone from 8:00 – 19:00.

STUDIO | LEGALE works 100% digital with the BASENET CRM system (e-mails, files and diaries can be consulted at a glance both in the office and out of the office via the BASENET mobile application), as well as 100% GDPR-proof and secure. Joost PEETERS is also DPO (GDPR) himself.

We aim to be a hypermodern office, but also a very traditional one. This ensures that “the best of both worlds” is brought together.

We offer something for everyone, tailored to the needs of the clients. Our aim is to solve everything as quickly and efficiently as possible, whereby the wishes of our clients are of paramount importance.
